

Project Demo Planning

Date	3 July 2026
Team ID	xxxxxx
Project Name	Personalized Networking Assistant
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Explain the challenges of effective networking, initiating professional conversations, and the need for AI-assisted networking.	2	Self
2	Project Overview & Architecture	Present the Personalized Networking Assistant architecture, technology stack, workflow, and system components.	2	Self
3	AI Conversation Generation Demo	Demonstrate AI-generated personalized networking conversation starters based on event details and user input.	3	Self
4	Event Analysis & Fact Checking Demo	Show event analysis, networking insights, and AI-powered fact checking of networking-related information.	2	Self
5	Technical Implementation	Explain the FastAPI backend, NLP models, Hugging Face integration, Wikipedia API, prompt processing, and Streamlit frontend.	2	Self
6	Results, Future Scope & Conclusion	Present project outcomes, limitations, future enhancements, and conclude the demonstration.	2	Self

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the importance of effective networking and how AI can help professionals initiate meaningful conversations.
2	Solution Overview	Describe the Personalized Networking Assistant architecture, workflow, technology stack, and key components.
3	Live Feature Demonstration	Demonstrate event analysis, AI conversation generation, fact checking, conversation history, and the Streamlit interface in real time.
4	Q&A Session	Answer evaluator questions, discuss implementation details, limitations, and future enhancements.
